Circular 16 of 2023: Annual Return System status update and extensions

The Council for Medical Schemes (CMS) is in the process of finalising the testing of the 2022 Annual Return System. Due to the delays caused by IT system issues in the go live process, the CMS will be granting an extension to both the Annual Returns and the scheme Annual Financial Statements submission deadlines.

It is currently proposed that a four (4) week period be granted from the date of the system go live. Further details on exact revised submission deadlines will be provided when the system is ready to go live.

Your cooperation will be highly appreciated.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Mfana', is positioned above a horizontal line.

Mr Mfana Maswanganyi
Executive: Regulation
Council for Medical Schemes
