Circular 27 of 2024: Update on ASR submissions for 2023

The purpose of this circular is to provide the industry with updated information on the submissions of the Annual Financial Statements (AFS) and Annual Statutory Returns (ASR) for 2023.

In Circular 21 of 2024, it was communicated to the industry that CMS expected to go live with the 2023 Annual Statutory Returns system in the beginning of June 2024.

The front-end of our system is developed but additional development time is required to complete the back-end validations and word document. As a result, there will be a further delay in going live with the 2023 Annual Statutory Returns system. The anticipated submission required per Section 37(1) of the Medical Schemes Act, 131 of 1998 will be announced once the system is live, but it is only expected to go live at the end of June 2024.

Schemes will be provided with the six-week period for completion of their full submission.

Your co-operation will be highly appreciated.
