# Establishment of committees

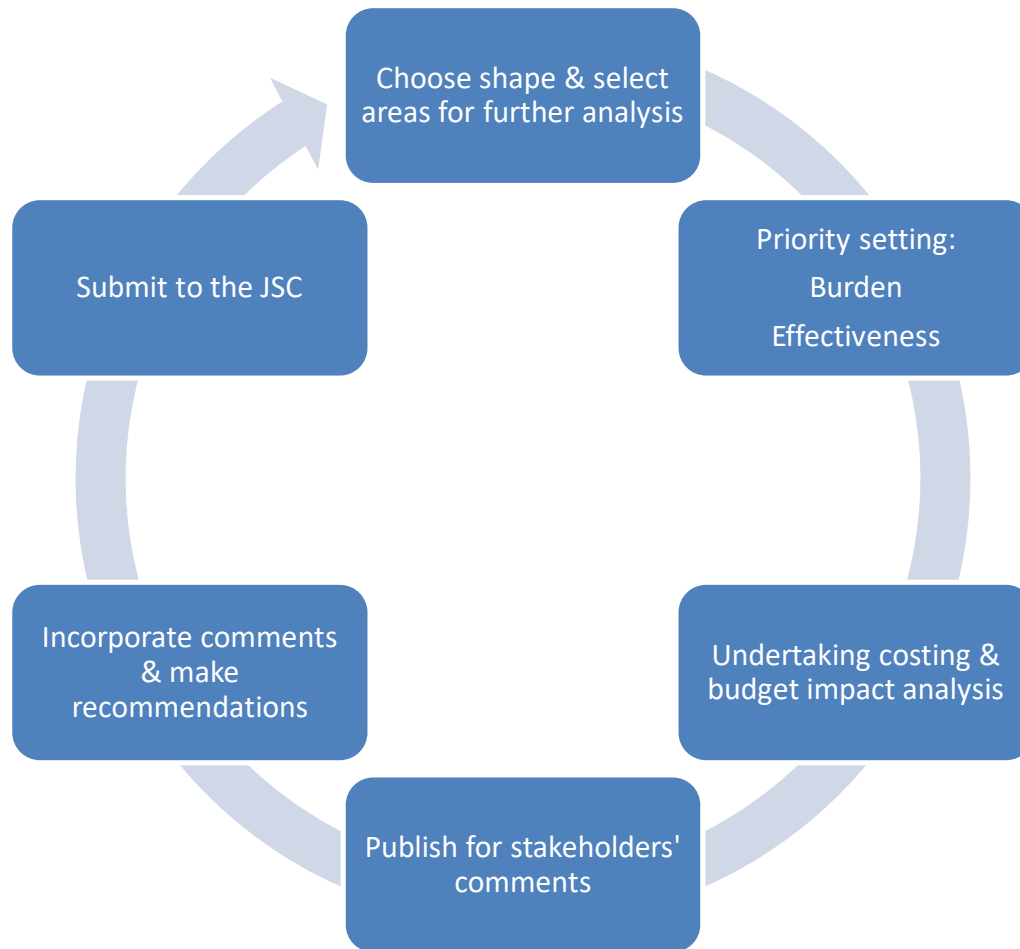

# Workshop

- Multi-stakeholder workshop:
  - 17 November 2017
- Purpose:
  - Outline challenges with current review
  - Propose a way forward

# Way Forward

- Priority setting using the work that has been done by the CMS, NDOH and industry stakeholders that is relevant to the development of a service benefit package
- Identify specific interventions that should be put in place to ensure that the specified health care benefits can be provided on a sustainable basis
- Circular 6 of 2018 called for stakeholders' inclusive input into a proposed wish list of service packages.
- Development and adoption of a costing methodology for current PMB review

# Way Forward
